

# ALLDATA<sup>®</sup>

## MANAGE<sup>SM</sup>

Designed to make your workday easier

ALLDATA Manage provides a multitude of effective shop management benefits to save you time and money.

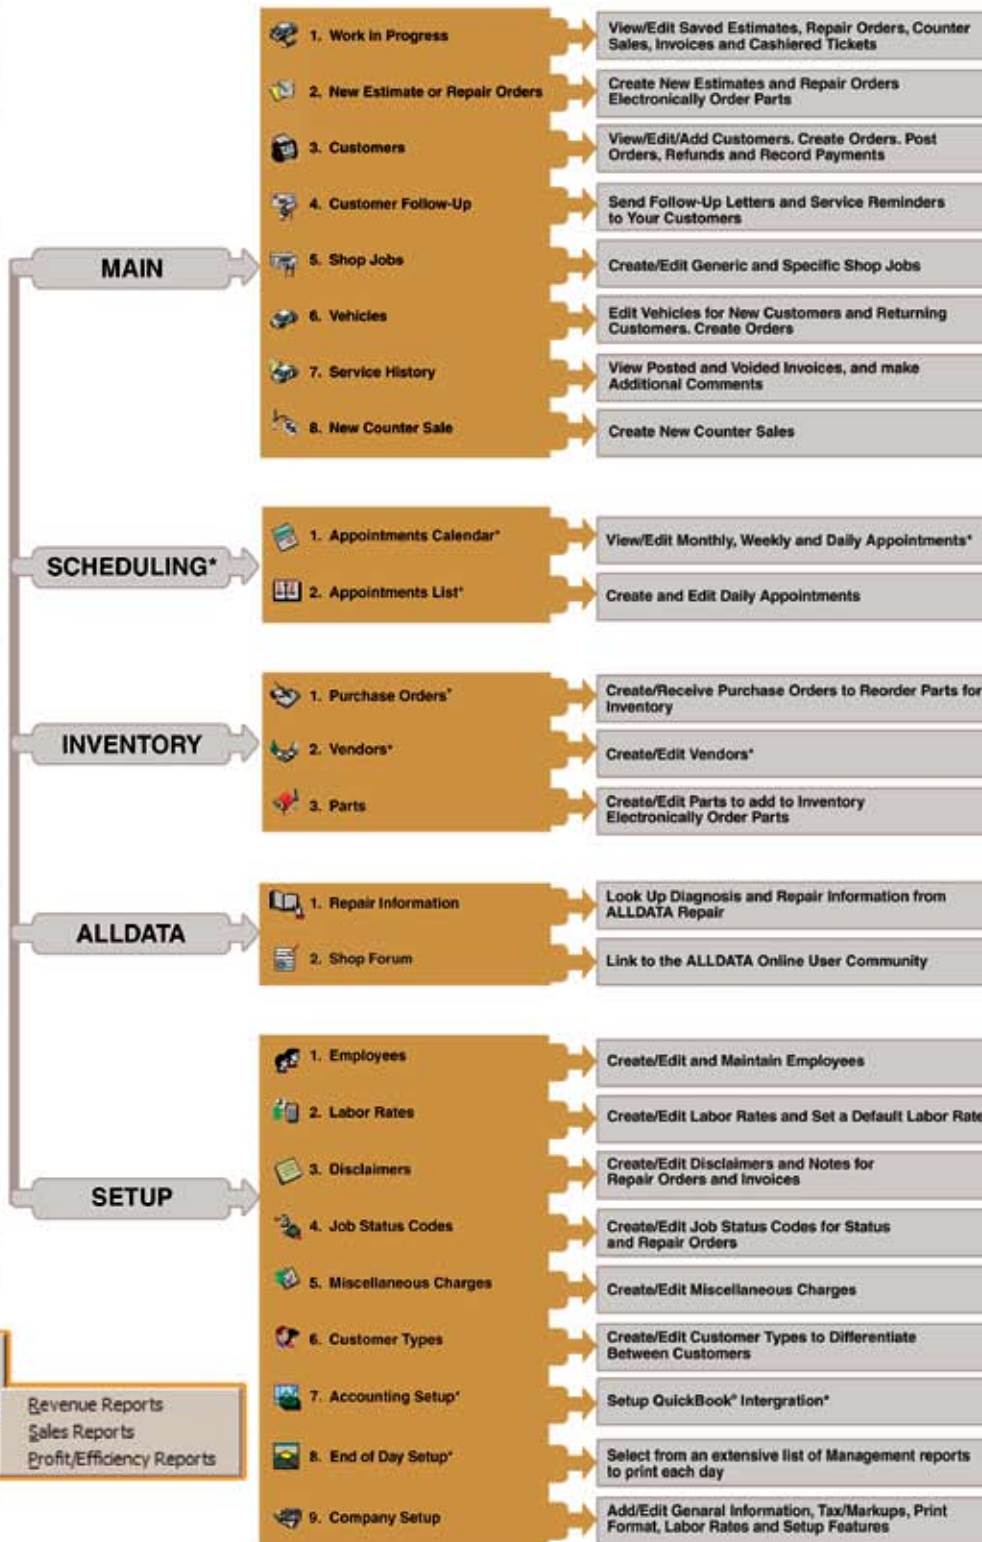

- Enhanced search screens save you clicks.
- Price Matrix allows for easy, flexible profit margin or markup applied to the three different categories.\*
- Comprehensive yet easy-to-use Inventory features.
- Add previous recommendations to new orders in one click to avoid re-typing.
- Comprehensive management reports — multiple, easy-to-understand reporting features provide important business data at a glance.
- Integrates with ALLDATA Market<sup>SM</sup> tools — data sharing lets your customers create personalized "Car Care" pages. Build customer loyalty with automated maintenance reminders and newsletters.

### Tip

Use reports to help monitor critical aspects of your business.

#### Reports

- Company Setup Report
- Customer Reports
- Management Reports
- Shop Reports
- Inventory Reports

\* Feature is not available in all versions of ALLDATA Manage.
